

EpicCare Link Access Steps for Success

Step 1:

Step 2:

Additional Notes

- Access request process should begin 2 weeks prior to start date, but not more than 45 days to allow adequate time for access to be completed.
- Timeframe to provision access is 1-3 business days from receipt of Remedy work order.
- Physicians are required to sign a site license for their staff, but not themselves. Site license will be emailed to provider upon receipt of access request.
